ACTION	PEOPLE	EVIDENCE	DEADLINE	SUCCESS
All organizational members will receive education on the value of social roles and steps in assisting people in finding social roles	Coordinated by an identified leadership team represented by all organizational members	Personal Outcome Measures data through reliable interviews.	November 2019	We will monitor the outcomes and supports of "people have social roles" through the accreditation period. As noted in our "Community Connections" short term goals, from January 2016- November 2016 we have completed significant training with staff, families, people we support and the Board of Directors with Michael Kendrick, Mary Kealy, and Joe Erpenbeck.
iCan system on the AIMS database will be fully implemented to track connections and community resources.	AIMS Administration Team will coordinate this plan	Will be the iCan System. We will gather formal and informal connections and resources both internally and within the community.	November 2019	Some data is currently being collected through the social capital project and asset based community development project. This has included community connections, contact people, a summary of the group's purpose, and culture of the group. Once information is collected, it will be formatted in a way to share across the agency.
Peer mentoring and peer connections to build social capital.	Coordinated by REACH Out and CLBrant project team	Pre- and post-measure of peer mentors and connections.	November 2019	Joe Erpenbeck, through Asset Based Community Development projects is working with the REACH Out self-advocates group on building relationships and connections. This has also included work with people previously connected with Dunn Enterprises.
